I HATE PEOPLE by The Anti-Nowhere League

The Anti-Nowhere League is an veteran punk band from England. Their first album was banned under Britain's 1959 Obscene Publications Act.

Also, for those who don't know, the Anti-Nowhere League originally wrote 'So What !?' recently covered by Metallica

this is one of their better songs, VERY easy.

Lyrics

I Hate People
Album : We are the League
(C) 1982 Culmer(Animal)/Exall(Magoo)

God I wish that I could hide away
And find a wall to break my pain
I m living in a paper singing negative reality
People want a battle daily, metal boxes made away
Wish that they would drop the bomb
And get a place to drop it on

I hate people
I hate the human race
I hate people
I hate your ugly face
I hate people
I hate your fucking mess
I hate people
They hate me

There s a lot of things I have to do because I have my ??
Be like Daddy, he s sincere
Don t be fooled cause you are queer
Working out my nine-to-five
Before he s gonna give me job
Talking of the love they never give, they never give

I hate people
I hate the human race
I hate people
I hate your ugly face
I hate people
I hate your fucking mess
I hate people
They hate me

God I wish that I could hide away
And find a wall to break my pain
I m living in a paper singing negative reality
People want a battle daily, metal boxes made away
Wish that they would drop the bomb
And get a place to drop it on

I hate people
I hate the human race
I hate people

I hate your ugly face
I hate people
I hate your fucking mess
I hate people
They hate me

Among the things I have to do because I have my ??
Be like Daddy, he s sincere
Don t be fooled cause you are queer
Working out my nine-to-five
Before he s gonna give me job
Talking of the love they never give, they never give

I hate people
I hate the human race
I hate people
I hate your ugly face
I hate people
I hate your fucking mess
I hate people
And they hate me
