

Not A Through Street
Anya Marina

Capo 7 " All chords and notes relative to capo

D " G " G/F# - Em - A

I don t remember much of anything
Of those years,
Kind of strange and kind of sad
Considering all the laughs
and all the tears.
Could it be this quiet cul-de-sac
Or the cynical moon?
Could it be the neighbor s cat watching
Me from the living room?

Em - A

Either way, these days I feel so strange.

D " G " G/F# - Em - A

I remember you; so strange.
Do you remember me secretly?

So I comb the depths of the ocean floor
Of my memory; grasping onto some
Shell, some piece some evidence
Of you and me:
Sunlight streams in morning
Your head in the sheets
Dancing naked in the living room
(I still practice secretly).

I remember you secretly.
Do you remember me secretly?
I remember you secretly.
Do you remember me secretly?

For next verse: Repeat below riff by finger picking those notes according to the melody
the song.

```
e----5----5----5----5---|  
B-----|  
G--7----6----5----4-----|  
D-----|  
A-----|  
E-----|
```

You re a mile away
On your island, so close
Doing who knows what
With who-knows-who

Haphazard lovers don't
Seem to drown out your tune
It goes for me anyway
I don't know about you.

D **â€" G** **â€" G/F#** - **Em** - **A**

So no matter what or when or who
You remember me and Iâ€™ll remember you
You remember me and Iâ€™ll remember you
You remember me and Iâ€™ll remember you
Iâ€™ll remember you secretly.
Iâ€™ll remember you secretly.
Iâ€™ll remember you
