           D
So penniless for a dream
         Em
I hope I get by today
I want to get to the truth
         Bm
And learn how to gray
           D
So penniless for a dream
It s not living in St Tropez
But I wonder if what you wish for
Will fall into place
              Εm
                   G
Du du du du du dudu du dudu
Fall into Place
(4x)
```

I m struggling just to see
Amount to better ways
What s possibly meant to be?
Was probably meant for me
It s never been on a plate
Well it s never been on a plate
So mother I hope that I ?
Will fall into place
Du du du du du du du du du du
