Stepping out into the light
Other side of the window
Blinking and blind in the light
Other side of the window
Falter, no faltering now
Other side of the window
Falter, no faltering now
That journey is over
Over
Over

There s only so much that our heart can grow
Then everything else starts to overflow
But you re young and in love
Back then there was no way of knowing

So we pushed and we pulled with our nerves of steel
You had the pedals and I had the wheel
And the terrible truth
Is we never knew where we were going

There s only so much that our heart can grow
Then everything else starts to overflow
But you re young and in love
Back then there was no way of knowing

Enjoy it ...
