

I Gave It All
Aquilo

Am G C/G
This glass it breaks
F C G
So delicate it shatters round my feet

Am G C/G
And my hands they bleed
F C
A stain I ll always remember
G
A stain that stays with me

Am G C/G
But this changes you
F C
It s harder now we re breaking
G Am
And I should know it s never right for me to say
G C/G
That I wanted this
F C G
I know I can t but I can still recall

Am G C/G
I gave it all
F C G
Given up on luck my hands above the dust

Am G C/G
This love you broke
F C G
Come closer darling don t forget to fake
Am G C/G
A smile you had
F C G
You tried so hard to fool yourself instead

Am G C/G
You gave it all
F C G
Given up on luck your hands above the dust
Am G C/G
You gave it all
F C G
I waited by the other side my friend

Am G
You ll find it funny when you re looking back some day
