**Em**                    **Bm**        **C**        **D**  
The story is about my feelings

**Em**                    **Bm**    **C**            **D**  
Come and sees how it is

**Em**                    **C**        **Am**                    **G**  
I know a girl Her name is Neda

**Em**                    **C**  
Neda follows in my dreams

**Am**                    **G**  
I don t know what that means

She s pretty smart  
I got her in my heart  
Neda sounds like an angles name  
How could it be the same

There is a heaven they called it seven  
Love was born there  
Now we gonna take it care

I hope my dreams will be come true  
Because my pains makes me blue  
There for I take a ride  
To be by your side  
The coming fortnight I will stay for your ARRIVE!
