

Deep Blue  
Arcade Fire

Artist: Arcade Fire  
Song: Deep Blue  
Album: The Suburbs

Capo 3

[Verse]

**Em** **Dsus4 D**  
Here, are my place and time  
**G C B7 Em**  
And here in my own skin, I can finally begin  
**Dsus4 D**  
Let the century pass me by  
**G C B7 Em**  
Standing under night sky, tomorrow means nothing

**D G C B7**

**Em** **Dsus4 D**  
I, was only a child then  
**G C B7 Em**  
Feeling barely alive when I heard a song from the speaker of a passing car  
**Dsus4 D**  
And prayed to a dying star  
**G C B7**  
The memory s fading I can almost remember singing

[Chorus]

**Em D G C**  
la, la la, la la la la  
**Em D G B7**  
La la, la la, la la la  
**Em**  
Ooh ooh ooh

**Dsus4 D G C B7**

[Verse]

**Em** **Dsus4 D**  
We watched the end of the century  
**G C B7 Em**

Compressed on a tiny screen, a dead star collapsing and we could see

**Dsus4 D**

That something was ending

**G**

**C**

**B7**

**Em**

Are you through pretending, we saw its signs in the suburbs

**D G C B7**

**Em Dsus4 D**

You could never have predicted

**G**

**C**

**B7**

**Em**

That he could see through you, Kasparov, Deep Blue, nineteen-ninety six

**Dsus4**

**D**

Your mind s pulling tricks now

**G**

**C**

**B7**

The show is over so take a bow, we re living in the shadows

[Chorus]

**Em D G C**  
la, la la, la la la la

**Em D G B7**  
La la, la la, la la la

**Em**

Ooh ooh ooh

**D G C B7**

**Em D G C B7 x4**

[Verse]

**Em D**  
Hey, put the cellphone down for a while

**G**

In the night there is something wild

**C**

**B7**

Can you hear it breathing?

**Em**

**D**

And hey, put the laptop down for a while

**G**

In the night there is something wild

**C**

**B7**

**Em**

I feel it, it s leaving me

[Outro]

**D**

La la, la la, la la la la

**G C B7 Em**

La la, la la, la la la la

**D**

La la, la la, la la la la

**G C B7 Em**

La la, la la, la la la la
