Intervention - Arcade Fire

Tabbed by: Erol Sabadosh

Tuning: Standard

Am **F/C** **C**
King s taken back the throne
The people learn and they all grow
And choose what they want written on their stone

G **C**
All quiet and alone

You can taste the fear
Lift me up and take me out of here
I know I want to fight I want to die
Just tell me what to say

Am **E** **F** **C** **F C**
Working for the church while your family dies
Little baby sister gonna lose her mind

Am **E** **F** **C** **F** **C** **G**
Every spark of friendship and love will die without a hope

C **F** **Em**
Hear the soldiers groan

G **C**
All quiet and alone

There s something in the air
The people they all sit and stare
And tell me what they point to tell me where
And tell me...

Who s gonna throw the very first stone?
Who s gonna re-set the bone?
Sitting with his head in a sling
I hear the soldier sing

Working for the church while your family dies
Little baby sister gonna lose her mind
Every spark of friendship and love will die without a hope
Hear the soldiers groan

All quiet and alone

Em **C** **G**
