SURF CITY EASTERN BLOCK - The Arcade Fire

Tabbed by: Jonnybin123

Tuning: Standard

```
      B  F#  A  F#  
E |-----2--0--2-----|  
B |--4--2--2--2-----|  
G |--4--3--2--3-----|  
D |--4--4--2--4--4--4--4--4--4--4--4--4--4--4--4--4--|  
A |--2--4--0--4--4--4--4--4--4--4--4--4--4--4--4--4--|  
E |-----2-----2--2--2--2--0--0--0--4--4--4--0--0--0--|
```

He usually doesn't play the full F# chord (just the power chord). Also, when switching the F# to the A, he adds the 4th fret on the E string to walk it up to the A.

This is the entire song I think, so just play this over and over again.
