Ok, I m pretty sure it s 100% correct. Pick the chords during the verses and
strum them
during the chorus. It sounds much better with 2 guitars...

[Verse]

F#   **C#**
I m thinking of you

```
Ebm        B
In my sleep
F#                    C#
They re not good thoughts
Ebm                   B
The worst kind of sad
F#              C#
I ve noticed things
Ebm           B
Cannot be repaired
F#              C#
When I wake up
Ebm                 B
I ll be in despair

Cos I know I ve got to say
I know I ve got to say

[Chorus]

F#        C#      Ebm        B
Goodbye      baby goodbye
Goodbye      baby goodbye
F#                   C#       Ebm          B
You re my sweetheart goodbye
You re my sweetest    goodbye

--> continue the same way through the whole song...
