

Bosozoku Symphonic

Area 11

Standard tuning

Capo on 2

[Verse]

Em **G**
There s three parts to love,
 Am **Em**
Or so I believe.
 Em **G**
There s a part of you you lose,
 C **D**
And another you receive.
 C **G**
Here I break with the concept,
 Am **Em**
Though it s central to the piece,
 Am **C**
Leave my mark on the canvas,
 D **Em**
That only you can see.
Am
I deferred my happiness
 C **D**
For loneliness and time,
 Am
But once I m where I wanna be,
C **D**
You ll be far behind.

[Chorus]

C **G**
All the lights in the sky
 Am **Em**
Are falling to the ground,
 C **G**
And the chains that pull me down,
 D
Slacken off when you re around.
 C **Em**
As the line begins to blur,
 Bm **C**
It s comforting to know,
 Am **C**
But I ll rip out all the hooks
 D **Em**
From my skin so I can grow.

Sometimes I disagreed,
 Am Em
 Just to hear you scream,
 Em
 You were right
 G C D
 But I needed you to give emotion back to me.
 C G
 Here I break with the concept,
 Am Em
 Though it s central to the piece,
 Am C
 Leave my mark on the canvas,
 D Em
 That only you can see.
 Am
 I deferred my happiness
 C D
 For loneliness and time,
 Am
 But once I m where I wanna be,
 C D
 I m not leaving you, I m not leaving you.

C G
 All the lights in the sky
 Am Em
 Are falling to the ground,
 C G
 And the chains that pull me down,
 D
 They pull me down, they slacken off when you re around.
 C Em
 As the line begins to blur,
 Bm C
 It s comforting to know,
 Am C
 But I ll rip out all the hooks
 D Em
 From my skin so I can grow.

Am **C**
 Yeah I ll rip out all the hooks
D **Em**
 From my skin so I can grow.
Am **C**
 Yeah I will rip out all the love
D **Em**
 From my skin so I can grow.
