

## Bosozoku Symphonic

### Area 11

Standard tuning

Capo on 2

[Verse]

**Fm**                  **G#**  
There s three parts to love,  
      **Bbm**   **Fm**  
Or so I believe.  
          **Fm**                  **G#**  
There s a part of you you lose,  
      **C#**                  **Eb**  
And another you receive.  
          **C#**                  **G#**  
Here I break with the concept,  
          **Bbm**                  **Fm**  
Though it s central to the piece,  
          **Bbm**                  **C#**  
Leave my mark on the canvas,  
      **Eb**                  **Fm**  
That only you can see.  
**Bbm**  
I deferred my happiness  
      **C#**                  **Eb**  
For loneliness and time,  
      **Bbm**  
But once I m where I wanna be,  
**C#**                  **Eb**  
You ll be far behind.

[Chorus]

**C#**                  **G#**  
All the lights in the sky  
      **Bbm**                  **Fm**  
Are falling to the ground,  
      **C#**                  **G#**  
And the chains that pull me down,  
      **Eb**  
Slacken off when you re around.  
      **C#**                  **Fm**  
As the line begins to blur,  
      **Cm**                  **C#**  
It s comforting to know,  
      **Bbm**                  **C#**  
But I ll rip out all the hooks  
      **Eb**                  **Fm**  
From my skin so I can grow.

[Verse]

**G#**  
Sometimes I disagreed,  
**Bbm Fm**  
Just to hear you scream,  
**Fm**  
You were right  
**G# C# Eb**  
But I needed you to give emotion back to me.  
**C# G#**  
Here I break with the concept,  
**Bbm Fm**  
Though it s central to the piece,  
**Bbm C#**  
Leave my mark on the canvas,  
**Eb Fm**  
That only you can see.  
**Bbm**  
I deferred my happiness  
**C# Eb**  
For loneliness and time,  
**Bbm**  
But once I m where I wanna be,  
**C# Eb**  
I m not leaving you, I m not leaving you.

[Chorus]

**C# G#**  
All the lights in the sky  
**Bbm Fm**  
Are falling to the ground,  
**C# G#**  
And the chains that pull me down,  
**Eb**  
They pull me down, they slacken off when you re around.  
**C# Fm**  
As the line begins to blur,  
**Cm C#**  
It s comforting to know,  
**Bbm C#**  
But I ll rip out all the hooks  
**Eb Fm**  
From my skin so I can grow.

[Outro]

**Bbm C#**  
Yeah I ll rip out all the hooks  
**Eb Fm**  
From my skin so I can grow.  
**Bbm C#**  
Yeah I will rip out all the love  
**Eb Fm**  
From my skin so I can grow.
