VERSE 2

We built a house, well it s more of a shack
I got the wood, and he s got my back
He s throws his balls at the mobs so unruly
I deck the halls with this lapis lazuli
We ventured out, just my snowman and me
We found a sapling for a Christmas tree
We skipped back home, so happy and gaye
No, wait, I meant that in the old fashioned way

BRIDGE 2

We had a roast chicken, cause the game s not got turkey
We made mash potato from the squids; they re so derpy
But the furnace was hot; when I awoke I found
15 little snowballs lying there on the ground

CHORUS 2

Cause it s a Minecraft Christmas time
Nothing seems cheery now my buddy has died
And there s a whole world of pain and fear
It s a very, very, very bad Christmas I m having this year

VERSE 3

There goes my phone, it s a text from my Dad (Merry Christmas Son!)
An early gift; he got my Internet back
Hop on the server; all my friends are online
Turns out they ve been waiting for me all of this time

BRIDGE 3

Spawn into the world and what do I see?
A snowman party for my homies and me!
Exchanging gifts and dancing without a care
Me and my snowman, we re walking in the air

CHORUS 3

It s a Minecraft Christmas time
Chillin with my buddies, everyone is online
There s a whole world of joy and cheer
That s a very, very, very nice Christmasâ€|
