A **F** **F#** **G** **D**
Swords and words they hurt you all the same so if they call you names,
E **A**
Remember that it s all just cos you re not the same as them,
F **F#** **G** **D**
And that s a good thing by the way, Don t listen to what they say,
E **A**
They re just a bunch of chancers who don t know what s bad from great
C# **D** **C#** **D**
They can say what they like, I m too tired to fight,
F# **B** **F** **E** **D**
I m just trying to make some sense of all the things i find inside my head.

Verse chords the same as Verse 1
Swords and words they kick you when you re down, I ll always be around,
To be there at the times when all the knives come out for you,
And that s a good thing by the way, Don t listen to what they say,
They re just a bunch of chancers who don t know what s black from grey
