[Verse 1]

	Bmaj7
You keep me in your orbit	
	Emaj7
Well, I know I m a hard one to please	
	Bmaj7
Give it too much importance	
	Emaj7
My love ll have you fall to your knees	
	Bmaj7
I tell them this too often	
	Emaj7
Know better than to bark up my tree	
	C#m7
Just for me to fall and leave	
	F#
Nah, I d rather just watch you smoke and drink, yeah	

[Pre-Chorus]

Bmaj7	Emaj7
Steering clear of any headaches to start	
And if we re being honest	
Bmaj7	Emaj7
I d rather your body than half of your heart	
Or jealous-ridden comments	
Bmaj7	Emaj7

That come when you let in them feelings that I don t want

C#m7

I never let em know too much

F#

Hate gettin too emotional, oh, yeah

[Chorus]

Bmaj7 **Ema j7**

I m better off without him

Bmaj7 **Ema j7**

I m better off being a wild one

Bmaj7 **Ema j7**

On the road a lot, had to keep it a thousand

C#m7 **F#**

So that I m better off not being around ya

[Verse 2]

You keep insisting I listen to your proposition

F#

I dismiss them all, no offense, yeah

[Pre-Chorus]

Bmaj7

Ema j7

Steering clear of any headaches to start

And if we re being honest

Bmaj7

Ema j7

I d rather your body than half of your heart

Or jealous-ridden comments

Bmaj7

Ema j7

That come when you let in them feelings that I don t want
