[Intro]

**F** **G**  
Back to you, back to you, back to you  
**Am** **G**  
Back to you, back to you, back to you  
**F** **G** **Am**  
I go back to you, back to you, back to you every time

[Verse 1]

**F** **G**  
I get tired of your no-shows  
**Am** **G**  
You get tired of my control (yuh)  
**F** **G**  
They keep telling me to let go  
**Am** **G**  
But I don't really let go when I say so (yuh, yuh)  
**F** **G**  
I keep giving people blank stares (yeah)  
**Am** **G**  
I'm so different when you're not there (yuh)  
**F** **G**  
It's like something out of Shakespeare  
**Am** **G**  
Because I'm really not here when you're not there

[Pre-Chorus]

**F** **G** **Am** **G**  
I've tried to fight our energy  
**F** **G** **Am** **G**  
But every time I think I'm free

[Chorus]

**F** **G**  
(Yeah) You get high and call on the regular  
**Am** **G**  
I get weak and fall like a teenager  
**F** **G** **Am** **G**  
Why, oh why does God keep bringing me back to you?  
**F** **G**  
I get drunk, pretend that I'm over it  
**Am** **G**  
Self-destruct, show up like an idiot  
**F** **G** **Am** **G**

Why, oh why does God keep bringing me back to you?

[Post-Chorus]

**F** **G**  
I go back to you, back to you, back to you

Back to you, back to you, back to you

I go back to you, back to you, back to you every time

**F** **G**  
Just when I get on a new wave (yuh)  
**Am** **G**

They keep calling me a head-case  
**Am** **G**  
Cause I can t make a good case why we can t change
