And I m puttin you through more than one ever should  
G Em  
And I m hating myself cause you don t want to  
D D/F#  
Admit that it hurts you

D D/F#  
Don t want that living in your head

He just comes to visit me

**Em D D/F#**  
When I m dreaming every now and then (and then)

**G Em**  
And after all that we been through

**D D/F#**  
(And after all that we been through) there s so much to look forward to

**G**  
What was done and what was said

**Em D D/F#**  
Leave it all here in this bed with you (with you)

**G**  
Baby, you do it so well

**Em**  
You ve been so understanding, you ve been so good

**D D/F#**  
And I m puttin you through more than one ever should

**G Em**  
And I m hating myself cause you don t want to

**G Em D D/F#**  
I know that it breaks your heart when I cry again, over him (mmm)

I know that it breaks your heart when I cry again, instead of ghostin him
