You were the popular one, the popular chick  
      F                  C  
It is what it is, now I m popular-ish  
      C                  G  
Standing on the field with your pretty pompoms  
                  F                  C  
Now you re working at the movies selling popular corn  
      C                  G  
I could have been a mess but I never went wrong  
                  F                  C  
Cause I m putting down my story in a popular song

[Pre-Chorus]

C      G                  F                  C  
Ahh,   I said I m putting down my story in a popular song

[Chorus]

      C      G                  F      C  
My problem,   I never was a model,  
                  C      G                  F      C  
I never was a scholar, but you were always popular  
                  C      G                  F      C  
You were singing all the songs I don t know

You re only ever who you were  
C      G                  F      C  
Popular,   I know about popular  
                  C                  G  
And all that you have to do, is be true to you  
                  F                  C  
That s all you ever need to know
