1. raindrops (an angel cried)

This track originally has no chords and is just on the record as a sort of introduction- however I thought some people may wish to play it, so here were the chords if they were to be on the track.

[Verse]

Am **C**
When raindrops fell, down from the sky
Em **G**
The day you left me, an angel cried
Am **C**
Oh, she cried, an angel cried
G
She cried...

As mentioned in the description, this is of course the actual track!

[Verse]
