[Verse 1]

G Em

Oh and as the day

G

Turns into night

G Em

The things that we can't say

G

The things we try to hide

G Em

Like everyone else

G

We can't choose the way we die

G Em

Oh but we can choose

G

The way we live tonight

[Pre-Chorus]

G Bm

Oh I wish I had the answers

Em

I wish I had the time

C

To give you all the reasons

G

Why it's worth it down the line

Bm

Well maybe I don't have the answers

Em

Maybe we could find the time

C

Because there's people crying

G

People crying every night

[Chorus]

Oh it s such a strange

G

And unforgiving life

Em

And no matter what

G

No one makes it out alive

So we should spend more time

Wondering why we fight

Em

Instead of hiding love

G

On the edge of all our knives

[Pre-Chorus]
