[C] Sometimes it comes without [G] words

Sometimes it goes without [Am] saying [F]

[C] I had the best brown-eyed [G] girl

But now she s gone beyond [Am] praying for [F]

I m a [C] saint, but she didn t [G] mind me

At the [C] same time she just couldn t [G] find me

She went [Am] looking for space as people all [G] will

Until they [Em] get to that [F] place, some kind of [C] chill

[C] Sometimes it comes without [G] words

Sometimes it goes without [Am] saying [F]

Sometimes the [C] only kind of luck you get is [G] what you have been constantly
[Am]

for [F]

When my [C] notes are gone and I [G] still need to make a [Am] sound [F]

When my [C] love s been took and I m [G] no longer hanging [Am] around with [F]

All the [C] same, I might G] find it

Love is [C] blind babe, but I didn t [G] blind it

It s gone [Am] looking for space as people all [G] will

Until they [Em] get to that [F] place, some kind of [C] chill

All the [C] same, I might G] find it

Love is [C] blind babe, but I didn't [G] blind it

It's gone [Am] looking for space as people all [G] will

Until they [Em] get to that [F] place, some kind of [C] chill
