

**Too Long**  
**Arlie**

[Verse 1]

**C** **F**  
Wasn't this supposed to be fun?  
**Dm7** **G**  
But somewhere along the way it got heavy  
**C** **F** **G7**  
Since I saw you from across the lawn, light as the day  
**C** **F**  
You said I told you what you wanted to hear  
**G7**  
Well, you might be right but I meant every word  
**C** **F** **G7**  
I whispered into your ear, besides I didn't mean to say

[Pre-Chorus]

**F** **C** **Dm7**  
Before, I could go completely alone for days at a time  
**G7** **C**  
Without getting lonely  
**F** **C**  
But I guess you left a hole in my chest  
**Dm7** **G7**  
You carved yourself a spot and now I left it open

[Chorus]

**Am** **C**  
It's been too long  
**Dm7** **C**  
I need to hear your sweet voice again  
**F** **C** **Dm7**  
Your sweet voice again  
**Fmaj7** **C**  
It's been too long  
**Dm7** **C** **F**  
I need to hear your sweet voice again  
**C** **D7**  
Your sweet voice again

[Verse 2]

**C** **F**  
Well, I hated that I made you cry  
**Dm7**  
You wear your heart on your sleeve

**G7** **C** **F**  
And now you wanna use it to wipe the tears outta your eyes

**G7**  
You re getting salt in the wound

**C** **F**  
I wish you d credit me for how hard I tried

**Dm7** **G7**  
Cause some day you ll find someone who loves you better

**C** **F** **G7**  
But first you gotta learn how to fly on your own

[Pre-Chorus]

**F** **C**  
Ooo, you had too many glasses

**Dm7** **G7**  
You say you don t remember that conversation

**C** **F** **C**  
But I think you know how the saying goes

**Dm7** **G7**  
About the words come out in that kinda state

**C** **F** **Dm7**  
You said stay, so I stayed quiet

**C** **F** **G7**  
For once in my life I knew what I had to do

[Chorus]

**C** **Fmaj7** **C**  
It s been too long

**Dm7** **C** **F**  
I need to hear your sweet voice again

**C** **D**  
Your sweet voice again

**F** **C**  
It s been too long

**Dm7**  
I need to hear your sweet voice again

**C** **F**  
Your sweet voice again

**C** **D7**  
Your sweet voice again

[Outro]

**C** **F**  
Wasn t this supposed to be fun?

**Dm7** **G7**  
But somewhere along the way it got heavy

**C** **F** **G7**  
Since I saw you from across the lawn, light as the day
