

Not Fine

Armchair Martian

Just had a breakup, figured out this song. Good reflection of how I feel.-pooch831

E **G#m**
Western wear and polished hair
C#m **A**
Talk or stare I m barely there
E **G#m** **C#m** **A**
You know that I m secretly not fine
E **G#m**
Even though my mind s in tow
C#m **A**
I rattle off words I barely know
E **G#m** **C#m** **A**
You know that I m secretly not fine
B **G#m**
And you, the one I knew
C#m **A**
You were the only one worth talking to
E **B** **C#m** **A**
Guess I made you mad, better yet I made you sad
B **G#m**
Spoke the love gone through
C#m **A**
But I can t recall who to send it to
E **B** **C#m** **A**
I m alright here, secretly not fine
E **G#m**
Opposite, we re opposite
C#m **A**
We could be tired and barely be sick
E **G#m** **C#m** **A**
You know that I m secretly not fine
E **G#m**
Even though my mind s in tow
C#m **A**
I rattle off words I barely know
E **G#m** **C#m** **A**
You know that I m secretly not fine
B **G#m**
And you, the one I knew
C#m **A**
You were the only one worth talking to
E **B** **C#m** **A**
Guess I made you mad, or better yet I made you sad

When I said I'd

Fall to my knees and cry

Kinda giving in on something you never know in time

Find the one you want

You find out that it's not

Find the one you want and you'd say anything, anytime
