ARMS

I love this song. Go TG. <http://www.armsarms.com/cms/>

capo 5

G-A-F#m-G

G **A**
When the smoke finds a way to your nose

F#m **G**
Itâ€™s telling you boy that its time to go

G **A** **F#m** **G**
Then the smell gets in your hair and your clothes oh no oh no

Kids aflame need something new
They bay at the moon and they lie in the still
They stole away all the memories too from you

And they lie
they lie to your face
you were in love
you were on your way I donâ€™t mind
if heavenly stays
you were in love sent you on your way again

found you huddled in the corner still
we talked in the dust about who we killed
you can stop it you can start at will you will

And they lie
they lie to your face
you were in love
you were on your way I donâ€™t mind
if heavenly stays
you were in love sent you on your way again

kids aflame have a saying they always say they say
you and me and this place wonâ€™t ever change wonâ€™t change

and they lieâ€¦
