

Saturday Suit

Saturday Suit

C **C7** **F**
All week long we ve been looking at horizons and it s hard on the brain
C **C7** **F**
Sometimes I wonder is it the car or the highway that rolls through the rain
 Em **Am7**
This day has no number, this day has no name
 Dm7 **Em** **Fmaj7** **G7**
But it s time for the weekend all the same

Chorus:

C **C7** **Fmaj7**
Why don t you put on your Saturday Suit, let s fly away
 Gm7 **Am7** **Gm7** **C** **F**
We can find ourselves a little caf  where the street people come to play
 Gm7 **C** **Fmaj7** **Eb**
And let the wine and the sunshine blow our minds away
Bbmaj7 **Gm7** **C**
Saturday Suit me fine...today

All week long we ve been sitting on our islands looking within
Sometimes I know it must seem like we ll never be happy again
Put on your makeup and I ll shine my shoes
I know that it s Monday, but I m bored with the blues

Chorus
