

## Sky High

Arthur Matos

**Am**        **C**

You and I

**D**

Will say the secret words

**F**

To everyone in this ghost town

**Am**                **C**

Let them know

**D**

**F**

That after all these messy years

Something new is going on

**G**

**Am**

Where the stores are closed

**G**

**Am**

And the streets are so much brighter

**D**

**F**

And the skyscraper

**D**

**D**

Almost touches the stars

**C**

**G**

And on the skyline

**Am**

**F**

Birds are flying away

**C**

**G**

Searching for a home

**D**

**F**

Just like you

**Am**

**C**

Me and you

**D**

**F**

We pray that we may always be

Lovers in this town

**Am**

**C**

How many hearts

**D**

**F**

Waited for this day

Like nothing before

**G**

**Am**

Where the stars are closer

**G**

**Am**

To the streets so calm and quiet

**D**

**F**

And the sky s silhouette  
**D** **F**  
Rests in this ghost town

**C** **G**  
But on the skyline  
**Am** **F**  
Birds are flying away  
**C** **G**  
Searching for a home  
**D** **F**  
Just like me

( **F** **Am** **C** **D** **F** )

**C** **G**  
But on the skyline  
**Am** **F**  
Birds are flying away  
**C** **G**  
Searching for a home  
**D** **F**  
Just like me
