

And now I m dressing you up, dressing you down
Fucking you up, bringing you down
And I won t feel guilty at all when I m done
Dressing you down and fucking you up
Cause I m leavin in the morning
Cause I m leavin in the morning
No
Cause I m leavin in the morning
No

E

Oh, we ve always been a label baby

A

All since I don t know when

E

You should ve known better than this baby

A

Cause you know I m a rambling man
Oh, we ve always been a label baby
All since I don t know when
You should ve known better than this baby
Cause you know I m a rambling man

Tell me, can you forgive me
Can you forgive me

for dressing you up, dressing you down
Fucking you up, bringing you down
And I won t feel guilty at all cause I m done
Dressing you down and fucking you up
And I won t feel, I won t feel, I won t feel, I won t feel
Anything at all, cause I m fucking you up
And I m leavin in the morning
Cause I m leaving in the morning

Yeah
