Asa - Maybe

Capo at 3rd

Am **Dm** **E7**
Maybe, maybe the sun will rise
Maybe, maybe (ouh)
Maybe, maybe the stars will shine, maybe, maybe

Am **Dm**
This world is full of pain
E7 **Am** **Dm**
Users and their useless ways
 E7 **Am** **Em**
There s people dying everywhere
 Dm **G**
Can t someone tell me who s to blame?

There never used to be
This much attention to security
Until the terror and catastrophe
And now there s guns and war machines

Maybe, maybe the sun will rise
Maybe, maybe (ouh)
Maybe, maybe the stars will shine, maybe, maybe

No one is listening
To the truth or is it just me
I guess I must begin from now
To make that change I always speak about

I am waiting for one day to succeed
To break down all the boundaries and be free
From those who take from me and mislead me
For they re greedy and they re empty oh

Maybe, maybe the sun will rise
Maybe, maybe (ouh)
Maybe, maybe the stars will shine, maybe, maybe

solo

A7 **Dm7**
My feet, my strength
 E7 **Am**
I m gonna, be myself
A7 **D7**
And nobody can, nobody can stop me
 E7
I ll finally be, who I ll be

Maybe, maybe the sun will rise
Maybe, maybe (ouh)
Maybe, maybe the stars will shine, maybe, maybe
