| C | B7 |
| Just like a distant thunder | |
| G | C |
| My conscience is rolling in the back of my head | |

| But your lips keep riding on in the darkness | |
| C | |
| Our guns on the floor | |
| B7 | Em |
| Near the makeup and the clothes that we shed | |

[Verse]

We both trail our own paths
But the grass has worn out our parting ways
And I used to think I rode with the devil
But I m left on my own

| B7 | Em** |
| Even he hasn t shown up these days | |

[Chorus]

| | |
|---|-----------|
| Am | Em |
| Don t cry my latest sin | |
| Am | Em |
| I don t buy that (self) righteous being | |

Am **Em**

Calm your worried soul

G **Am** **Em**

The demons and angels left us here all alone

[Verse]

C* **B7** **B7***

Much like crickets at the sunrise

My guilt is fading in the depth of my chest

Your empire is brought down around us

But we re pressed on the wall

B7 **B7*** **Em**

We don t care bout the fall of the rest

I pray you find your old path

[Verse]

But mine was lost so long ago

They say old roads were built on old rivers

Maybe that s why I m lost

Cause I can t carry on with the flow

[Chorus]

The demons and angels left us here all alone (x2)
