Lyrics

I smoke myself into a haze in the afternoon

Enveloped heart, and the air is cool

Put on your dress, white Goddess

And Settle in as the weather folds

In the slow haze of the afternoon

Swaying hips, made like a gun

Blackest sails, the most beautiful

Star, In the world, in the air, on my tongue

Before my eyes, beyond the stars, beneath the sun

So, Take me in your arms again, lead me in my dreams again

So, What is it worth?, I ll sell my soul, what is it worth?

Only you know

You were conceived in my heart, came like a dream  
To save me from my mortality  
Put on your dress, white Goddess  
And settle in as the weather folds  
Our lives will be entwined, even when I die  
You ll see me through till the end of time  
No earthly bride, the most beautiful

Star, In the world, in the air, on my tongue  
Before my eyes, beyond the stars, beneath the sun

So, Take me in your arms again, lead me in my dreams again  
So, What is it worth?, I ll sell my soul, what is it worth?  
Only you know

Take me in your arms again, lead me in my dreams again  
So, What is it worth?, I ll sell my soul, what is it worth?  
I ll sell my soul, what is it worth?  
I ll sell my soul, what is it worth?
