LYRICS

Now you re a clone  
With a heart of stone  
Synthetic soul

You re just a clone  
Got no control  
Forced in a mold  
Processed and sold

Hey!  
You know i find it frightening  
How you change just as fast as lightning

You fell from grace  
Leaving no trace  
You ve been replaced  
You re name erased

Hey!  
Its just self-destruction  
You never listened to my instruction

Shame, shame, shame, shame

Shame  
That everyones the same  
I thought you stood alone

We re different from the clones

A major ride  
You re making time  
Now I m outta sight

For I have seen  
What could ve been  
A very dream  
A prophecy

Hey!  
Now Theres no use waiting  
Everything is disintegrating

Shame  
Everyones the same  
I thought you stood alone  
We re different from the clones

I thought you were the true  
Exception to the rule  
But the truth is cruel

YEAH!!!

Hey!  
Now theres no use waiting  
Everything is disintegrating

Shame  
Everyone s the same  
I thought you stood alone  
We re different from the clones

I thought you were the true  
Exception to the rule  
But the truth is cruel

Well, that s it. Hope it helps. It might not be 100% but it should be ok. Email me if you have any questions.
