

Kung Fu Chords

Ash

Okays so here we go... The chords that are there before this set have the correct chord but you can use C# on the second E which also sounds nice, and adds abit of contrast if playing it on your own. I m not sure the chords fall on the right words but if you to the song you ll understand where they fall. =]

Verse with chord variation:

E B C# B
Kung Fu do what you do to me
A B
I haven t been the same since my teenage lobotomy
E B C# B
Full on, I moved to Hong Kong
A B
With Bruce Lee s brother and Johnny Wong

Song Chord Version:

EBEBAB = Verse riff and is used as chord filler between verses and choruses and used as intro
