Tonight there s no denying, no there s no denying
There s something magic in the air
Emotional disorder, came from out of nowhere
And took me unaware
The patterns of the oceans, lost in her emotions
You know that I don t care

.....**C**.....**Am**.....**Fadd9**.....**C**
And on nights when the north wind blows through your heart

Am.....**Fadd9**...**C**
Dream of a new age
And on nights when the north wind blows through your heart
All I can do is wait

D.....**A**..
There s a star in the night sky

A.....**Fm**
The kind of star we would be hoping for
Theres star in the night sky
The kind of star we would be dreaming of

{Play D chord for 4 counts}

Cool evening falling, I can hear her calling
Cross the serpentine
Dark and chaotic, slow and hypnotic
She comes into my mind
And tonight nothing matters, no it doesn't matter
Everything will be fine

And on nights when the north wind blows through your heart
Dream of a new age
And on nights when the north wind blows through your heart
All I can do is wait
