

Only You Intro
Ashanti

The other Only You tab sounds right but the real notes are lower . This is 100% correct and on the right octave. This pattern basically repeats for the whole song. Use heavy distortion and maybe a little reverb effect or somethin to recreate the sound just like it is on the song.

* Note: The bottom E string is tuned to a low C#

e-----
b-----
g-----
D-----6-----7-----7-----
A-----
C#---0-----0--2--3--5-----5-----

e-----
b-----
g-----
D-----6-----7-----6-----
A-----
C#---0-----0--2--3--5-----3-----

(Then repeat to top)
