Burning Up

by Ashlee Simpson

**Bm**

Every time that you re walking by

**Bm**

I feel the vibe inside

**Bm**

There s something about the way you are that s giving me butterflies

**Gm**

Maybe the planets have aligned

**F#**

Maybe it s all in my mind

**Bm**

So let me just introduce myself before I get too shy

**Bm**

I ve seen you in my dreams at night to you I fantasize

**Gm**

**Em**

You caught my eye, you re just so fine

**Gm**

**Em**

You caught my eye, you re just so fine

**Bm**

I m burning

**Bm**

Up for you

**Gm** **F#**

I m burning

**Bm**

Up for you

**Bm**

I see diamonds in the sky

**Bm**

Touch my hand and I can fly

**Bm**

All this is a mystery

**Bm**

So come on and dance with me

**Bm**

I can t believe it s 4 a.m.

**Bm**

Where did the time go

**Bm**

I could sit here for days just hanging with you alone

**Gm**

We got an instant history

**Em**

Some supernatural chemistry

**Bm**

Can t you feel it, feel it ,oh

**Bm**

But I m giving you my number now before this goes too far

**Bm**

It s getting really hot in here

**Bm**

**Gm**

And soon it will be hard to say goodnight

**Em**

**Gm**

The times not right so say goodnight

**Em**

Before I die

**Bm**

I m burning

**Bm**

Up for you

**Gm** **F#**

I m burning

**Bm**

Up for you

**Bm**

You make me feel

**Bm**

Like fire

**Bm**

Is this love or just desire

**Gm**

You make me feel

**Em**

Like fire

**Gm**

**Em**

Is this love or just desire
