

Catch Me When I Fall  
Ashlee Simpson

INTRO:

Am G  
Am G

Am G Am  
Is anybody out there  
G

Does anybody see  
D G

That when the lights are off something s killing me

Am G Am  
I know it seems like people care  
G

Cause they re always around me

D G Am  
But when the day is done and everybody ru---ns

Am C G  
Who will be the one to save me from myself

Am C G  
Who will be the one who s there  
D G

And not ashamed to see me crawl

G Am G  
Who s gonna catch me when I fall

Am G  
When the show is over

Am G  
And it s empty everywhere  
D G

It s hard to face going back alone

Am G  
So I walk around the city

Am G  
Anything, anything to clear my head

D G Am  
I ve got nowhere to go nowhere but home

Am C G  
Who will be the one to save me from myself

Am C G

Who will be the one who s there  
D G  
And not ashamed to see me crawl  
G Am G  
Who s gonna catch me when I fall

Am G  
It may seem I have everything  
Am G  
But everything means nothing  
D G  
When the ride that you ve been on  
C  
That you re coming off  
G Am  
Leaves you feeling lost

Am G  
Is anybody out there  
Am G  
Does anybody see  
D G Am  
That sometimes loneliness is just a part of me

Am C G  
Who will be the one to save me from myself

Am C G  
Who will be the one who s there  
D G  
And not ashamed to see me crawl

G G Am  
Who s gonna catch me when I fall

G Am  
Who s gonna catch me when I fall

G Am G  
Who s gonna catch me when I fall

D  
And not ashamed to see me crawl

G G Am  
Who s gonna catch me when I fall?
