Hey, tell me what s going on  
Hey, tell me where I go wrong.  
I ve been losing all I got,  
Then you, you just walk right in,  
You just walk right in.

**A5 E5 B5 C#5**

When I m here with you,  
I just block it out,  
It s cool we talk about whatever,  
And yeah, you know I ve been around,  
My world came crashing down,  
But when I m here with you I m better.

**E5 G#5 C#5**

Hey, I m watching the worlds collide,  
Hey, there s nobody else inside  
Girls they don t know what they want,  
But you, you just walk right in,  
You just walk right in.

**A5 E5 B5 C#5**

When I m here with you,  
I just block it out,  
It s cool we talk about whatever,  
And yeah, you know I ve been around,  
My world came crashing down,  
But when I m here with you I m better.

Used to be that I just had to fake it,  
All my life,  
Over and over I just couldn't take it,  
Not this time.

But you, wherever you walk, I'll run,  
Yeah you, anything goes tonight.

And yeah, you know I've been around,  
My world came crashing down,  
But when I'm here with you I'm better.
