

Look It Up

Ashton Shepherd

Capo 1

(Am)

The word is faithful, look it up
It don t mean (Dm) sneakin around
Behind my back like you ain t gettin (Am) enough
How bout forever, just look it up
It means through (Dm) thick and thin and
Pitchin in even when the times get (Am) tough

The word is easy, look it up
And you ll see a (Dm) picture of that piece of trash
Ridin round in your pickup (Am) truck
Let s try liar, just look it up
But you ll need (Dm) boots to wade through all the bull
You tell me when you come home (Am) drunk
It s just like (E) you to be so clueless
Cause you (D) never thought I d do this

I said (Am) go, goodbye, get lost, get out, get gone
The word is (E) over
Look it up (Am)

You said you re sober, look it up
It s right next to (Dm) hell is freezin over, flyin pigs,
And all that (Am) stuff
And how bout baby, look it up
It s what you (Dm) call me and it s how you act
Every time I call your (Am) bluff
It s just like (E) you to keep denyin
Save your (D) whinin and your cryin

I said (Am) go, goodbye, get lost, get out, get gone
The word is (E) over
Look it up (Am)

The word s forgiveness, look it up
It s what (Dm) Jesus has in store for you
But I don t no matter (Am) what
Quit your (E) beggin and your prayin
Can t you (D) hear what I ve been sayin ?

I said (Am) go, goodbye, get lost, get out, get gone
The word is (E) over
Look it up (Am)
Just look it up, look it up
