ASIAN KUNG-FU GENERATION

E flat tuning, it could be standard also, just move all notes half step up.

Tabbed by Albert the Chu-meister

This is all lead, c mon... you know lead is way more fun to play... you only hear

lead in this song anyways.

Forewarning: For all the notes I only put one strum, that doesn't mean play it once,

listen to the song and figure out how many times to hit the note. Also, figure out the

strumming for the chords.

I don't understand Japanese so I don't know the location of their intro and etc.

Just

follow this the whole way through. ^^v
