Verse 1:

G#
Everything was in its place, all wrapped up on the mantelpiece
Bbm
And standing still
C# **Bbm**
Silhouettes of many heroes, face the wall
G#
And take their place in time
G#
Something s creeping up inside of me, a place I used to hide

And it won t let go

Bright skies and rainbows maybe
Bbm **G#**
Then again I ve heard that song before

Chorus:

Oh, what a waste, and time keeps ticking away
G# **Bbm**
I m wrapped up in chains
G# **Bbm C# G#**
Wrapped up in you

Now that all s been said and done, the pages turning one by one
