**A F#m B D**

Why, please tell me why

Is all this sorrow and suffering

Still going on

All they ever wanted was a chance to live

Sometimes I just wonder

How can they still forgive

Well I woke up this morning with a pain in my head

Tried to work it out but I went back to bed

This ain't the way that it's supposed to be

This is not the day no this is not me and

Half your life is wasted the rest does not exist

Writing the papers and making a mess

Searching for reasons why everything's a mess

Why do we sit and take it is anybody spared and oh

[Use same chord run for that section and for the end. Finish on A]
