VERSE 1

G **D**
You look at me
 Bm **E**
Curious what I m made of
 G **D**
Sugar or steam
 Bm **E**
And what kind of man I love
 G **D**
What I believe
 Bm **E**
What I know and what I crave
 G **D**
And all my pet peeves
 Bm **E**
Where I ve set and when I stain
 G
And do you know...

CHORUS

D
Cause I m not here to be around
 A **G**
And be that girl that you forget about
 A **D**
Cause all I want is just to be a song
 A **G**
That you can feel longer than just right now
 A **D**
So c mon, Baby, let me be the girl
 A **G**
That you can count on to rock your world
 A **D**
And then you ll see there s so much more than curves
 A **G**
And then you ll see that you and me belong

VERSE 2

G **D**
Do you know my vice

And how to get under my skin
Just what I like
And where I want you to begin
Do you know my middle name
And where I'm sensitive the most
Each night I pray
And do you think I fit that mold
Do you know...

CHORUS

Cause I'm not here to be around
And be that girl that you forget about
Cause all I want is just to be a song
That you can feel longer than just right now
So c'mon, Baby, let me be the girl
That you can count on to rock your world
And then you'll see there's so much more than curves
And then you'll see that you and me belong

BRIDGE

You and me, belong
You and me, belong yeah

CHORUS

Cause I'm not here to be around
And be that girl that you forget about
Cause all I want is just to be a song
That you can feel longer than just right now

A **D**
So c mon, Baby, let me be the girl

A **G**
That you can count on to rock your world, and

A **D**
Then you ll see there s so much more than curves

A **G**
And then you ll see that you and me belong

A **D** **A** **G**
That you and me belong

A **D** **A** **G**
That you and me belong

A **D** **A** **G** (Hold)
That you and me belong
