Asobi Seksu

I think there may be a different chord on either the Bm in the verse or in the chorus,

I m not sure what it is.

I just wanted to post full/correct lyrics and barebones chords you can play along with song.

D

On gentle ground

Bm

I waited for you

G

In drops of dew

A

I wished that were you

D

With heavy hands

Bm

I reached out for you

G

My skin soaking wet

A

My eyes searched for you

D

It seems you lost your way

Bm

You ve let it all fall apart

G

Nothing s left here but you

A

All you do is remind me

Now that we ve lost our way

The rest can all fall apart

All I see here is you

All it does is remind me

With sharpened tongue

I cried out for you

And must I refrain

Now that I need you

The autumn wind feels
As if it were you
And swayed through the fields
Where I once held you

It seems you lost your way
You've let it all fall apart
Nothing's left here but you
All you do is remind me
Now that we've lost our way
The rest can all fall apart
All I see here is you
All it does is remind me

Whistle through your window
We act the same as you

Whistle through your window
We act the same as you
