

Black Swan Song
Athlete

G **Cadd9**
I waded through the darkest fields you d imagine
G **Cadd9**
Your pretty face sketched on the barrel of my gun
C **G** **D**
And I know you ll be the first to welcome me
C **G** **D**
When I climb into eternity
C **G**
Oh, oh

G **Cadd9**
The forest kept us warm
G **Cadd9**
But it doesn t feel like home anymore
C **G** **D**
And I know there s bigger mountains where you are
C **G** **D**
And a better climate for my heart
C **G**
Oh,oh

(refrão)
C
I ve been racing the clock
And I ve run out of steam
G **D**
I am ready for my final symphony
C
Oh my body is weak

But my soul is still strong
G **D**
I am ready to rest in your arms

G **Cadd9**
Though many battles I have won
G **Cadd9**
I lost to many friends I could count on
C **G** **D**
And I know they ll be the first to welcome me
C **G** **D**
When I parachute into eternity
C **G**
Oh, oh
