

**Dont Hold Your Breath
Athlete**

F G Em F
Don t hold your breath cause we re running in circles

F G Em F
Silence runs along phone lines

F G Em F
I feel like I am swimming through pavements

F G Em F
And then the dark throws me a lifeline

(refrão)

F G
I ll be the sky that lights up with fireworks

Am G
Whenever November comes

F G
And you could be the greatest thing that has happened to me

Am G/B
Though I don t know you now

F G Em F
Don t hold your breath cause we ve already been here

F G Em F
There are trees to remember you by

F G Em F
Those trees are cold but they re anticipating

F G Em F
The sun is gonna give the kiss of life

(refrão)

F G
I ll be the sky that lights up with fireworks

Am G
Whenever November comes

F G
And you could be the greatest thing that has happened to me

Am G/B
Though I don t know you now

F C G F
I m blowing breath on the windowpane

F C G
Sketching your name with my finger

F C G F
I m blowing breath on the windowpane

F C G
Sketching your face with my finger *pause*
