

**Flying Over Bus Stops  
Athlete**

(intro 2x) **D A Bm Asus4 A**

**D A Bm**  
I bel-ong with your arms wrapped around my neck  
**Asus4 A**  
Your lips glistening in the light, of some headlights passing by  
hold the thought, hold the thought, walking back towards your house  
raindrops bouncing off the leaves, down to our september kiss

(refrão)

**D A Bm Asus4 A**  
Fly-ing ov-er bus stops and playgrounds, I m here  
**D A Bm**  
Soaked right to the core, we stay here forever  
**Asus4 A D**  
I m safe with you

**D A Bm**  
If all the words I ever wrote, on the back of envelopes  
**Asus4 A**  
I could fold to paper planes. I would fly them through your veins

Helicopters overhead, wide awake at 3AM. Now the ink runs to your heart  
and uou know just how I feel

(refrão)

**D A Bm Asus4 A**  
Fly-ing ov-er bus stops and playgrounds, I m here  
**D A Bm**  
Soaked right to the core, we stay here forever  
**Asus4 A D**  
I m safe with you
