Out of energy
I don t know what to do with myself
Made it eventually
And now I m resting on the very last breath

All I needed was this one
To get me back on my way
It wasn t long before I realised
There was no time to waste
There was soul all around me
Everybody let go
It wasn t long before we realised
There was no time to waste

Like I m eleven again
I was the highest kid in the world
Reached a point with no end
Just looking out so I can take it all in

All I needed was this one
To get me back on my way
It wasn't long before I realised
There was no time to waste
There was soul all around me
Everybody let go
It wasn't long before we realised
There was no time to waste
All I needed was this one
To get me back on my way
It wasn't long before I realised
There was no time to waste

I thank you for soul
No point unless you got soul
This world has got to have soul
Looking round for your soul
Digging down to your soul
I found out you got soul
Holding out all your soul
Lifting up all your soul
I thank you for soul
