Street Map
Athlete

F# C# B

F#   **Bbm**
I would like to think our paths are straight
F#   **C#**
Disconnected from choices we make
                         B   **C#**
That there is no reason why it can t be like you said

     B   **F#**
One day it s gonna happen
              Bbm
I dont know when
                 C#
I ll be on your street
                B   **F#**
But I know one day it s gonna happen
          Bbm   **C#**
You re gonna be swept off your feet

F# C# B

I would like someone to make a map
Mark my home and draw some lines that match
All of the reasons why
It can be like you said

One day It s gonna happen
I don t know when
I ll be on your street
But I know one day it s gonna happen
You re gonna be swept of your feet

                 B
I dont know when
                 C#
I dont know why
                 B
I dont know when
              C#
I dont know why

F# C# B

One day It s gonna happen
I don t know when
I ll be on your street

But I know one day it s gonna happen
You re gonna be swept of your feet

But all that I know is it s gonna happen
I dont know when
I ll be on your street
But I know it s gonna happen
Your gonna be swept of your feet
