

**Levitate**

**Atlas Genius**

[Intro]

**F**

[Verse 1]

**F**

Putting time in a frame

**F**

And the ink on a page

**Dm**

You bridge the distance

**F**

And it s close as you stand

**F**

Give me hope without a plan

**Dm**

To bridge the distance

[Chorus]

**C**

**Bb**

But you just levitate

**C**

Above it all like there s nothing to say

**Bb**

**C**

As I could only wait for as long as you wanted to take

**Bb**

**F**

That you just levitated away

[Verse 2]

**F**

As the stones turn to sand

**F**

The island breaks from land

**Dm**

And becomes the distance

**F**

And pride is all I have

**F**

In time, there s nothing built to last

**Dm**

You become the distance

[Chorus]

**C**

**Bb**

Cause you just levitate

**C**

Above it all like there s nothing to say

**Bb**

**C**

As I could only wait for as long as you wanted to take

**Bb**

**F**

Then you just levitated away

[Bridge]

**F**

Oh oh oh, oh oh oh

**Dm**

Oh oh, oh oh, oh oh

[Chorus]

**C**

**Bb**

Cause you just levitate

**C**

Above it all like there s nothing to say

**Bb**

**C**

As I could only wait for as long as you wanted to take

**Bb**

**F**

Then you just levitated away

[Outro]

**F**

Thoughts roll in slowly, crashing down

**Dm**

As you re high on the trapeze, I ll batten the hatches

**F**

Thoughts roll in slowly, crashing down

**Dm**

**F**

As you re high on the trapeze, I ll batten the hatches down
