

If You Come To Me
Atomic Kitten

Bb **F**
So long ago

Cm
I didn't have a care about me

D# **F**
I didn't know where life come from

Bb **F**
But now I know

Cm
That you left your love around me

D# **F**
And it makes me feel so strong

Cm **Bb**
Baby if you turn around

F
And prove to me its real

Cm **Bb**
Maybe we can work it out

F
Cos this is how I feel

Bb
Do you know where you go when you give it all away

F
I'll be there for you, care for you

Cm7
Love you everyday oh baby

D# **F**
And do you feel the same for me?

Bb
Everyday all the way

When I feel a little low

F
I would ride for you, die for you

Cm7
Just to let you know oh baby

D# **F**
And if you come to me you know I'll make it right

Through all my life
I never thought I'd want somebody
Someone to call my own
And now I've found

A little bit of heaven baby
A place to call my own
Baby if you turn around
And prove to me its real
Maybe we can work it out
Cos this is how I feel
Do you know where you go when you give it all away
I ll be there for you, care for you
Love you everyday oh baby
And do you feel the same for me?
Everyday all the way
When I feel a little low
I would ride for you, die for you
Just to let you know oh baby
And if you come to me you know I ll make it right
